We also provide you below with details of the Oxfordshire Safeguarding Children Partnership who are responsible more widely, including for multi-agency safeguarding arrangements.

Their website is at [Home - Oxfordshire Safeguarding Children Partnership](#)

There is also useful information at [Parents & Carers - Oxfordshire Safeguarding Children Partnership](#) on the Multi-Agency Safeguarding Hub (the 'MASH') and also on Early Help for families, including the Family Information Service which can be really useful.

This OSCP site includes information on:-

Parents & Carers

What is Child Protection/Abuse?

Child protection involves taking steps to safeguard vulnerable children and young people who have suffered or are at risk of suffering from physical, emotional, sexual abuse or neglect.

Worried about a child?

It is everybody's responsibility to keep children and young people safe. If you're concerned that a child is being abused or neglected you should report it so that the child can be protected.

If you think a child is in immediate danger, call the police on 999.

If you have a concern about a child, please call MASH on 0345 050 7666.

(b) Getting help early

Children of any age can experience problems at times, and parents or carers can't always meet their needs by themselves. When children do require some extra support it's always best to put help in place before things worse.

Throughout your child's life there are people around you can go to get advice, guidance and support, for example:

- Midwives
- Health Visitors, GPs
- Children and Family Centres, nurseries
- Schools
- Other workers you might be in contact with such as PSCOs or Housing Officers

Go to the [Family Information Service](#) webpage for more information on childcare, activities and services for families in Oxfordshire.

For further information on specific safeguarding concerns, please visit the [Themes](#) pages of the website.
